

Effie Bass (1867-1904) was the daughter of Quinn Bass (1827-1911) and Jessie Richards (1832-1910). Her grandfather would then be Needham Bass and Great Grandfather would be Rice Bass.

The below article states her *“great grandfather (which should presumably be Rice) was born in 1766. He was too young to fight in the Revolutionary War, but evidently he and some of his cousins and brothers were Loyalists and were arrested multiple times for raising a ruckus and causing havoc around the countryside in an effort to aid the British war effort.”* This is important as it validates the Tory lineage but calls into question about Rice’s age.
